Hey Todd –

Hope all is well with you. A few items to discuss:

1. I was talking with Katrina about (b) (6) new tenant on the Wilcox facility. We'll be out there the week of August 8 installing probes. We thought it would be good to contact Mr. (b) (6) today or Monday to give him a heads up so that he in turn can give his renter a heads up that we'll be working on the property. Katrina said you have his number. In addition, we'd like to meet with the tenant and Mr. (b) (6), ideally late Monday afternoon (8/8) or early Tuesday morning (8/9), to explain in person what we intend to do.
2. (b) (6) also wanted to show us an area where we need to remove some debris for drainage purposes.
3. Will you be able to get the IR camera for the seep survey along the creek that week?
4. I thought of you the other day while driving down I-95 in Philadelphia. I risked my life and the life of others to capture the attached photo because I knew how much it would mean to you!

Looking forward to seeing you the week after next! George retired, so you're stuck with me 😊

Tom
